Solid Concepts Receives Boeing Double Gold Performance Rating

VALENCIA, CA – February 15, 2010 – Solid Concepts Inc., a leading supplier of rapid prototyping and direct digital manufacturing services, announced today that it has achieved 100% Quality and 100% On Time Delivery records for Boeing, Northrop Grumman and Raytheon (IDS). Every part delivered to these companies for 12 consecutive months passed stringent quality inspections and was delivered on time.

Additionally, Solid Concepts' Valencia, CA facility has been awarded the Boeing "Double Gold" Supplier Performance Rating for the 12 month period ending October 31, 2009. The Boeing Double Gold rating is only awarded to suppliers providing 12 calendar months of service without a single rejected part or late delivery. This highly sought after rating exceeds Boeing's Silver and Gold ratings, benchmarking Double Gold recipients as the highest quality suppliers.

"These ratings demonstrate our company's commitment to meet the highest quality and delivery standards" said Beckie Christie, Director of Quality for Solid Concepts Inc. "Meeting these requirements ensures customers that Solid Concepts will consistently meet their expectations."

Founded in 1991, Solid Concepts supplies rapid prototyping, direct digital manufacturing, tooling and injection molding services. Solid Concepts has grown steadily to a five-facility, multiple technology company known to be a solutions provider with project management and engineering expertise. Capabilities in PolyJet™ high precision 3D printing, Stereolithography (SLA) models and patterns, HDSL (High Definition Stereolithography), Selective Laser Sintering (SLS), Direct Digital Manufacturing, CNC models and patterns, and QuantumCast™ advanced urethane castings, allows for low-volume production of plastic, urethane, and metal components directly from design data, resulting in significant time and cost savings. Capabilities in tooling and injection molding make Solid Concepts a one-stop source to bring concepts from prototype to finished product ready for market. ISO 9001:2008 and AS9100 Rev. B certified.
